SUMMARY

Cybersecurity-focused computer science student with experience in incident response, digital forensics, IT controls documentation, and change management, seeking an IT and networking internship. US Citizen, Eagle Scout

EDUCATION

B.S., Computer Science (Cybersecurity) GPA: 4.0 May 2029

Arizona State University, Tempe, AZ

Relevant Coursework: Object-Oriented Programming, Discrete Mathematics, C/C++ Programming, Digital Logic & Design, Assembly Language Programming, Data Structures & Algorithms, Calculus III, Introduction to Programing Languages (TA)

TECHNICAL SKILLS

Cybersecurity & SIEM: Elastic (SIEM), Velociraptor, Azure Data Explorer, Cloudflare, VLANs

Programming & Scripting: C, C++, Java, Go, Bash, JavaScript, PowerShell, TypeScript

IT Systems & Platforms: Google Workspace, UniFi / Ubiquiti, Blynk IoT, Linux, Jira, Raspberry Pi, ESP32, Tailscale, Parsec

PROJECTS

Tracer FIRE Cybersecurity Incident Response Training – Sandia National Laboratories March 2026

- Performed threat intelligence and log analysis within a simulated Security Operations Center (SOC), utilizing Azure Data Explorer (ADX) and Elastic SIEM to reconstruct attacker paths and identify indicators of compromise (IOCs)
- Completed a CTF-style incident response exercise combining log analysis, anomaly detection, control gap identification, and structured incident documentation using audit-quality methodology.

Remote PC Power Management using IoT Platform – Personal Project May 2026

- Architected a secure remote hardware management system using an ESP32, implementing a multi-layered authentication framework **(Blynk IoT, Parsec, and Tailscale VPN)** to ensure secure, zero-trust access control.
- Engineered the system to maintain encrypted, high-throughput remote management for hardware power states while securely bypassing restrictive network environments.

Cloud Email and Workspace Migration – Volunteer Project February 2025

- Led a zero-downtime migration of **50+** users to Google Workspace, implementing **automated internal communication controls** to enforce organizational governance and youth protection policies.
- Developed comprehensive process documentation and managed access provisioning to ensure continuous compliance with internal policy and reduce recurring annual software expenses.

Home Network Infrastructure Upgrade – Personal Project April 2025

- Diagnosed connectivity failures and architected a **Ubiquiti**-based network, configuring secure **VLAN**-segmented guest and internal networks to support **60 client devices**.
- Produced detailed network diagrams, access control documentation, and configuration baselines, reducing network outages from **50 to 1** per year.

WORK EXPERIENCE

Arizona State University: Computer Science TA - (UGLA) (5 hours/week) - Tempe, AZ August 2026 – Present

- Supported **150+ students** across C, C++, Scheme, and Prolog by helping them trace program logic and identify where their expectations differed from the code's actual behavior.
- Guided students through debugging with GCC and VS Code, helping them investigate issues such as segmentation faults and array-boundary errors while proctoring weekly assessments.

Fairbrae Swim and Racquet Club: Senior Lifeguard (30 hours/week) - Sunnyvale, CA May 2024 – August 2026

- Supervised and trained **28 lifeguards**, enforcing regulatory safety protocols, compliance standards, and emergency response procedures.
- Maintained chemical balance and filtration systems for a **300+ patron** facility, including daily compliance logging, operational checks, and stakeholder communication.
- Led two trainings for swim instructors and lifeguards to ensure compliance and reinforce skills and expectations.

LEADERSHIP EXPERIENCES

Scouting America – Order of the Arrow, Section G17S: Section Vice Chief – Los Altos, CA May 2024– May 2025

- Coordinated a **250+ person** weekend overnight event with participants across Northern and Central California.
- Deployed a mobile app using **AppMachine** to quickly inform participants about logistics changes to ensure a smooth event
- Helped lead bi-monthly meetings and supervised committee members to ensure deliverables were met

Scouting America – Troop 30: Senior Patrol Leader – Los Altos, CA October 2022 – April 2023

- Led weekly meetings with **80+ participants** to enhance scouting skills
- Delegated duties to other leaders when scheduling conflicts arose
- Streamlined monthly leadership meetings so several could be moved off a dedicated meeting night, reducing transportation demands for participants

Homestead High School Swim: Team Captain - Cupertino, CA April 2023 – May 2025

- Led a transition of team merchandise suppliers within 3 weeks to reduce cost and increase quality
- Led on land workouts to improve team fitness
- Coordinated Senior celebration while keeping costs down

Scouting America – Order of the Arrow, Ohlone Lodge: Lodge Chief- Sunnyvale, CA January 2023 – January 2024

- Led the executive committee, overseeing 6 other members to coordinate functions of the lodge
- Led recruitment and event planning efforts after the leaders in charge stepped down unexpectedly
- Increased membership growth by **8%**

Scouting America – Order of the Arrow, Ohlone Lodge: Secretary - Sunnyvale, CA January 2023 – January 2024

- Migrated the lodge website to **WordPress,** improving accessibility and maintainability
- Led the migration of website hosts to improve performance and reducing costs
- Took monthly notes at leadership meetings
- Handled all communications through a bi-weekly newsletter and improved engagement across social media
